# Change

Some day I may plan to change my gender from man to woman.
Or maybe not, the time is not clear yet to my destiny to fulfill!

And I don't know what is in my future, but all that I know is that I am still living in Deja Vue, but nobody belives me. All I want to say here is that I have Died once already, when I was a 5 year old boy, in my childhood yard where I lived with my grandmother and with a grandfater in summer.
Bee come and ... me, and after that, something happened to me but I dont know it, but all I know that I come back from some lightened tunnel.

So and now I am here and writing all this to you All!

And I wish here to all our people that please come to mind!
Do you need to kill other peoples or what?
Life is life and we all need a rest from the Wars the mindful humans (the demons) create here in our world, in our planet!
