```
Life isn’t meant to be a maze of overthinking and hesitation—clarity is
power.
```

```
If you miss someone, reach out.
If you want to meet, extend an invitation.
If you seek understanding, express yourself.
If you have a question, ask.
If something bothers you, address it.
If you admire something, voice it.
If you desire something, work for it.
And if you love someone, never leave it unspoken.
```

```
Simplicity is a choice — choose it.
```

People often ask from me. “How are you?”
There is my quick response: “I am almost fine!”

And I am with mostly with no money, because if it comes then I buy some food to eat to me and there is also some bills to pay in every month.
I am what I am and I know that I am not ordinary human.

```
Well "someone" has shown my life to me "advanced".
Belive it or not, it is up to you.
```

I am maybe no madam nor a man.
I am maybe a kinda a druid.

Like Yoda from StarWars Movie.
Or I think I am, what I am.

If there is no money, we will be rich with LOVE and HARMONY.
And Everybody is Free to think and act if they are friendly to each other.

And I belive in our Mother Earth and also to our Father in heaven! And as our Father has said, our *mother Earth* is a *holy* one.

Yes, You can hate me or donate me if you feel so.
But I do all this from my heart and soul, and I want to do it for FREE.

I don´t want the MONEY. I have a good heart and soul, I do not want to break my soul and my heart with money. so I can be proud of my soul.

Yeah, at the moment we cant live without the money.
But one day in the future I hope We will do it.

Ant then there is no Banks, no pain if you are poor, no pain if you are rich.

No salaries, no loans, no world banks, no …

And everybody can live without a fear, that somebody may kill him or her or her/his soulmate who may be on the other side of the world.
